Feature Coverage By Scenario

Overview

Scenario: register with valid data	(167d1947fd50a8147634030f51763d87b3cbc36b49be19619727877310bdb02f.html)	✓ ∞ (167d1947fd50a8147634030f51763d87b3cbc36b49be19619727877310bdb02f.html)
Scenario: register with an email that already registered	(8394feaa44545cf49156575579bddaec86a06501e486563227ab12476b353ee1.html)	✓ ∞ (8394feaa44545cf49156575579bddaec86a06501e486563227ab12476b353ee1.html)

 (b7722255452d5339c42c7153c7bda53eaab1b1519ee018477448a28fc9597c8b.html)  ∞ (b7722255452d5339c42c7153c7bda53eaab1b1519ee018477448a28fc9597c8b.html)

Scenario:
register
with a full
name that
already
registered

 (eed3fee40f537cff4433543a9f71c0872fde0e20f5863b22df8cbe0616fa6fe1.html)  ∞ (eed3fee40f537cff4433543a9f71c0872fde0e20f5863b22df8cbe0616fa6fe1.html)

Scenario:
register
with
different
email and
the
password
has a
space on
it

Scenarios

- Scenario: register with valid data (167d1947fd50a8147634030f51763d87b3cbc36b49be19619727877310bdb02f.html) 

Given I am on the register page

When I input valid full name

And I input valid email for register

And I input valid password for register

And I click on register button

Then I am on the login page after register
- Scenario: register with an email that already registered (8394feaa44545cf4915657579bddaec86a06501e486563227ab12476b353ee1.html) 

Given I am on the register page

When I input valid full name

And I input valid email that already registered

And I input valid password

And I click on register button

Then I am still on the register page
- Scenario: register with a full name that already registered (b7722255452d5339c42c7153c7bda53eaab1b1519ee018477448a28fc9597c8b.html) 

Given I am on the register page

When I input valid full name that already registered

And I input valid email

And I input valid password

And I click on register button

Then I am on the login page
- Scenario: register with different email and the password has a space on it (eed3fee40f537cff4433543a9f71c0872fde0e20f5863b22df8cbe0616fa6fe1.html) 

Given I am on the register page

When I input valid full name

And I input valid email

And I input invalid password with space

And I click on register button
Then I am still on the register page
